

## FAVOURITES WIN FIVE OF SATURDAY'S VALLEY RACES: CONFUSION BAY SETS UP NEW MILE RECORD: CLOSE FINISHES

### Three Dead-Heat For Second Place

### HOW THE HORSES RAN

Punters had the unique satisfaction of seeing as many as five races won by the favourites at Saturday's meeting of the Hongkong Jockey Club at Happy Valley, when fast times, close finishes and some good dividends were features of the day's events.

The first four races were won in a row by the favourites Confusion Bay, Strathbannock, Navylight and Wilber, while the favourite for the seventh event, Royal Highness, also won his race. In the fifth race, the favourite, Boolat Bay, was placed third, while A Roaring Time, the winner of the last race, was the second favourite of that event. The only favourites to disappoint were Courting Eve in the sixth race and Brutus in the last.

Confusion Bay, ably ridden by Mr. D. Black, clipped a second off the mile record of one minute 55 seconds held by Rose Elect and Diana Bay.

The seventh race provided one of the most spectacular finishes seen in Hongkong when four horses finished almost in line, the winner being a short head in front of the other three who tied for second place.

Mr. Don Black secured the riding honours with three winners and a place, while Mr. V. V. Needa was second with two winners and two places.

#### DAILY DOUBLE

The Daily Double on races five and seven paid \$438.10 to each of 17 winning combinations on Blue Diamond and Royal Highness. The total pool was \$7,443.

The big race of the day, the Hongkong St. Leger, was won by Navylight (Mr. Moller up) in a thrilling finish. The flag start, however, saw the field off in bad order, Navylight getting away first enjoyed a tremendous advantage.

#### RACE ONE

Humdrum Eve was the first to show up from a good start. Bear Claw, Confusion Bay and King's Warden were next in order. On entering the back stretch, Humdrum Eve drew away and was about seven lengths ahead at the Rock. From this point Mr. Fin's mount seemed to weaken, and the hot favourite, Confusion Bay, was noticed to move up and pass Bear Claw, eventually entering the straight ahead of the field. Mr. Black then urged his mount and went on to win easily by three lengths, while Bear Claw finished a strong second with Moonlight View making a late spurt to snatch third place from King's Warden who was going nicely at the finish. Humdrum Eve was a poor fifth. Factorite was badly let at the start and was never in the race.

Taipo Handicap—(One Mile)  
Mr. Dunbar's Confusion Bay, 168 lbs. (Mr. D. Black) 1  
Mrs. Dunbar's Bear Claw, 144 lbs. (Mr. Hearne) 2

### "LAST QUARTER" DOES IT AGAIN

Consistently successful in his race selections, "Last Quarter," the Hongkong Daily Press racing expert, tipped five direct winners at Saturday's races. They were, Confusion Bay, Strathbannock, Navylight, Wilber and Royal Highness.

Two other horses tipped for places won their events, making a total of seven winners in eight races.

Ten others of "Last Quarter's" selected horses were placed, making a total of 17 successes out of 24 selections.

"Last Quarter" maintains his claim to be Hongkong's most successful racing tipster. Follow him in the Hongkong Daily Press.

### RACE TWO

The field passed the stands in a bunch with Double Chance, and This Time slightly in front. These two, drew away, but weakened after the Rock and eventually finished in the ruck. West Lake appeared to be the first into the straight in a fairly bunched field in which The Leopard was going nicely at this stage.

In a strong finish Strathbannock, the favourite, shot out of the bunch and went on to win a fairly close race from Guinness Time (second favourite), and Piet Hein who followed hard in that order and passed the post with Plain View a neck behind, fighting hard for an honours position. The Leopard, finished in the ruck but should have improved from the run and is worth following.

Castle Peak Handicap—(About One Mile 151 Yards)

Mr. J. F. Macgregor's Strathbannock, 168 lbs. (Mr. D. Black) 1

Mr. H. Leigh's Guinness Time, 165 lbs. (Mr. Encarnacion) 2

### WALES BEATEN BY ODD GOAL

WREXHAM, Nov. 19 (Reuters)—Twenty thousand were present to watch England beat Wales by the odd goal in five in an association football match in aid of the Red Cross.

It was a brilliant exhibition of football. The five goals were scored within 12 minutes in the second half, Astley twice for Wales and Tom Jones, right back into his own goal, and Martin and Balmer scored for England.

### Headmaster's Century At Cricket

Playing for Kowloon Cricket Club 2nd XI against the D.B.S. on Saturday, Mr. G.A. Goodban, Headmaster of the Diocesan Boys' School, hit up a century of the school bowling, his 104 retired including 19 hits to the boundary.

#### POOR SHOOTING

The Association's attack was not very strong, their shooting, especially that of Thorburn, being wide of the mark. Time and again, Thorburn failed to make the best of his opportunities when in front of the Chinese citadel. Hossack, leader of the attack, was guilty of too much dribbling. Gosano played well, while Fowler and Middleton, right and left wing, respectively, sent in some useful centres.

The Chinese were strong in defence, where Mak Shu-hon and Lee Tin-sang were outstanding, while Hsu King-sing put in a lot of hard work at centre-half. But the distribution of the ball by the wing halves, Lau and Tsang, could have been better.

Fung King-cheong was a constant hard worker, and, with Yeung Shui-yick, bore the brunt of

the pressure of the Chinese.

The other semi-final will take place in the course of the week.

#### CLUB DOUBLES

The Club Men's Doubles Championship of the Chinese Recreation Club, was decided yesterday, when Paul Kong and Tsui Yun-pui beat Luk Ding Cheung and Wong Shiu-wing, 6-4, 6-4, and 7-5, in the final.

#### AT HOME

The Club will hold an At Home on Saturday 25, when the final for the Colony's Mixed Doubles will be played off at 2.30 p.m. An exhibition doubles match will be included in the programme for the day.

The prizes will be presented by Mr. Justice R. E. Lindsell.

## CLOTH BELT INSTEAD OF "SAM BROWNE"

Modifications in officers' dress adopted by the Army Council for the duration of the war include the optional wearing of the Sam Browne belt.

Instead, a cloth belt in material to match the Service dress jacket may be worn. This belt will be similar to that worn by officers of the R.A.F.

Newly-appointed officers, except those of horsed units, will not provide themselves with a sword.

Full dress, undress and mess dress will not be worn on any occasion. Service dress or battle dress will be worn on all occasions by all ranks, except that officers on leave and all ranks at their stations may be permitted to wear plain clothes for the purpose of athletic exercises for which a special dress is necessary.

The wearing of decorations and medals will cease. Medal ribbons will, however, be worn both in Service dress and battle dress.

While Samuel Stripp, a Southern Railway man, was crossing the line at night with another man they were challenged by a sentry, who then fired, wounding Stripp.

## GENERALISSIMO'S CONDOLENCES

Generalissimo Chiang Kai-shek has sent a telegram to Mr. Tu Yuch-sheng, prominent Shanghai Chinese leader now in Hongkong, asking him to convey his condolences to the family of the late General Wu Kwang-han, who died of heart failure at the age of 64 in Kowloon on November 12.

General Wu was a native of Hotel Anwei. He received his military training in Japan. He was at one time Minister of War of the defunct Peking Government. Being a close follower of the late Marshal Tuan Chu-jui, Provisional Chief Executive of China 1924-25, he also quit political life after the Marshal's retirement and had been living in Shanghai.

Upon the organisation of the Provisional Government in Peiping, he rejected an offer by Wang Keh-min to fill an important post and later came to live in Kowloon.

## EDITORIAL

## Serious Displacements In "Manchukuo's" Economy Are Caused By War In Europe

HSINKING, Nov. 16 (Reuter)—The outbreak of the war in Europe has caused serious displacements in the interior economy of Manchukuo. On the one hand, it has stopped the export of soya beans and their by-products to Germany, and, on the other hand, it has deprived the country of much-needed materials from Germany.

Numerous factories throughout the country, built to accommodate German machinery, are now standing empty.

## AIR RAID OVER CHUNGKING

CHUNGKING, Nov. 18 (Reuter)—Chungking today experienced its first air raid for six weeks.

Twenty-seven Japanese planes appeared and dropped bombs in the outskirts of the city.

## NAZIS ARRESTED IN TURKEY

ISTANBUL, Nov. 19 (Reuter)—The Turkish authorities have arrested eight Germans residents here. They will face a charge of espionage and spreading Nazi propaganda.

The Germans had large sums in foreign currency in their possession, particularly in United States dollars.

A full inquiry is being held. Among those arrested is a photographer.

## Young Nazi Internees Escape

LONDON, Nov. 19 (Reuter)—Three German prisoners escaped early this morning from an internment camp in the east of Scotland. One of them is only 15 years old and the other two 17.

Police stations throughout the country have been warned and it is not expected that the lads will get far. They are dressed in khaki, can speak no English, and have no money or food with them.

All three were members of the crew of a U-boat.

## DEADLY SERIOUS"

## Canada's First Oversea Division Now Ready

OTTAWA, Nov. 19 (Reuter)—A higher quality of men could hardly have been conceived," declared Major-General McNaughton, Commander of Canada's first oversea division, at a press conference today, after inspecting the first division of units throughout the Dominion.

He said that the men were "deadly serious, contrasting to the spirit of adventure prevailing in 1918."

INDUSTRIAL ORGANIZATION Mr. Rogers, Minister for Defence told the conference that Canadian industry is rapidly completing its organization on a war basis and that the first division would be as well equipped as the British Army when it arrived overseas.

WHEN THE WAR for which he had agitated so long actually broke out, General Itagaki assumed command of the famous Fifth Division, the most-defeated Japanese force in China. One of his brigades was crushed by the Eighth Route Army at Pinghsinkuan on September 25, 1937. Another was lost at Taierchuang in the spring of the following year. After this Itagaki was removed from his command and returned to the more congenial sphere of imperial politics in the capacity of War Minister, in which post he distinguished himself for his advocacy of Japan's robber's alliance with the Axis powers. The international shake-up of last August and its internal consequences ejected him from the War Ministry and sent him once more to China.

BY THIS, it is not meant to infer that General Itagaki is any less capable or any less determined than his fellow militarists. It is precisely because he is the most thoroughgoing advocate of Japan's "Continental Plan," because he believes so implicitly in the military and political illusions on which this plan is based that he falls so consistently. The whole policy of aggression, and not its individual adherents, is bankrupt and doomed to disaster.

Changsha, the failure of the "peace offensive," and the miscarriage of the plans of Japan's chief tool, the vicious and traitorous weakling Wang Ching-wei, have given proof of this. The events of the following months will tell the tale and cross the t's.

The Government now has 28 seats in the Senate out of 44 giving them a majority of 12.

## GENERAL SMUTS WINS

## COOLIES FIGHT AT WHARF

## Bamboo Poles Used: One Man Hurt

One man was hurt, and is at present being detained in hospital following a fight between some 20 coolies at the Fook On Wharf yesterday morning.

Bamboo poles and other weapons were used and at least three men sustained injuries to their heads.

It is reported also that a four-year-old child who happened to be at the scene of the fight received a nasty crack on the skull from a bamboo pole, but this report is unconfirmed.

## TWO GANGS

The fight was between two gangs of coolies, one being the wharf coolies and another men brought on the scene by the owner of a consignment of cargo that was to arrive from Macao by the vessel Fook On.

The latter were being brought to assist in the transportation of the cargo, and they were intercepted en route by the second gang who would not let them come up to the wharf.

The fight lasted about 15 minutes. Several men were subsequently arrested by a police party from No. 7 Station, and it is understood some of them may be charged with disorderly conduct.

## JEWS MAY SETTLE IN MINDANAO

SHANGHAL, Nov. 19 (Reuter)—Manila, capital of the Philippines, has become the centre of attention for European Jewish refugees in Shanghai following the opening of a conference there to discuss the possibility of a Jewish settlement in Mindanao.

The latter were being brought to assist in the transportation of the cargo, and they were intercepted en route by the second gang who would not let them come up to the wharf.

The fight lasted about 15 minutes. Several men were subsequently arrested by a police party from No. 7 Station, and it is understood some of them may be charged with disorderly conduct.

## Hello &amp; Goodbye

## (BY A. W. HYER)

The past week-end found many interesting visitors in our port and had us gyrating between the Kowloon piers and Kai Tak.

At the airport all hands were scanning the sky expecting to see that big Douglas DC-3 plane of the Japanese military which was due for a return call en route from Weizhou Island to Canton. But it did not put in an appearance.

Sad news for many is the delay of the Imperial Airways' service from Bangkok with mail and passengers. For some unknown reason the service will be held up on the main Empire route until Wednesday, and it is expected the plane will arrive at Kai Tak in the afternoon.

## Imperial Airways

SUNDAY, 7 A.M.—Captain J. Davies was off for Bangkok in the R.M.A. Delta. Mail totalled approximately 164 kilos.

There was one passenger on this service, a European lady travelling to London.

## Inward Traffic

THE ARRIVAL OF the new Dutch steamer from Shanghai brought many residents to the shipside for "how-do-you-dos!"

The latter were being brought to assist in the transportation of the cargo, and they were intercepted en route by the second gang who would not let them come up to the wharf.

The fight lasted about 15 minutes. Several men were subsequently arrested by a police party from No. 7 Station, and it is understood some of them may be charged with disorderly conduct.

## TWO GANGS

The fight was between two gangs of coolies, one being the wharf coolies and another men brought on the scene by the owner of a consignment of cargo that was to arrive from Macao by the vessel Fook On.

## AGE-OLD PROBLEM

Other reports regarding the exportation of bean concentrates to Germany may be taken with a great deal of reservation, for chemists here announce that it has so far been impossible to break down the constituent elements of the soya bean into such fragments as to enable them to be shipped economically and commercially via Siberia.

The problem that faces Manchukuo at present is the age-old problem which has faced the nations of the world from time to time, and the agricultural authorities are now working for the diversification of the crops, which will permit the country to be self-sustaining and, at the same time, give surplus in the event of a prolonged war for exportation to countries which will provide and send to Manchukuo the materials that she badly needs.

## U.S. HOLDS KEY TO PACIFIC SITUATION

### Embargo On Supplies For Japan Strongly Urged

CHUNGKING, Nov. 19 (Central)—"Now, more than ever, Japan is thrown into reliance upon the United States. More than ever, we are becoming the great armourer and the economic support of the Japanese military machine." More than ever, the United States hold the key to the Pacific situation," declares the American Committee for Non-participation in Japanese Aggression, of which Col. Henry L. Stimson, former U. S. Secretary of State, is honorary chairman.

### FIGHTING IN SAMSHUI SECTOR

#### CHINESE SUCCESS IN WEST SHANSI

SHIUNG, KWANTUNG, Nov. 19 (Central)—Three hundred Japanese troops attacked Wongtong, about ten miles upstream from Samshui, on the North River, on November 16. Two Chinese columns engaged them and drove them back.

Chinese raided Slutong station on the Canton-Samshui Railway on November 11. While they were setting fire to the Japanese barracks and supply depots, Japanese reinforcements arrived from Shungpo, a neighbouring station. Fighting continued till the following day when the Chinese voluntarily withdrew.

#### IN WEST SHANSI

HINGTSI, Nov. 19 (Central)—Pushing further eastward from Puhsien, Chinese troops, in West Shansi, recaptured Hualochen on November 17. Another unit has reached Heliungkwan, and is engaging the Japanese.

The Japanese retreating from Shangning suffered heavy losses when they were intercepted on the way. On the morning of November 17 they were challenged to close-quarter fighting at Hetatow. No fewer than 100 Japanese were killed and five Japanese motor cars were destroyed.

#### CHAOCHOW SECTOR

LIUWONG, KWANTUNG, Nov. 19 (Central)—Under the escort of a squadron of planes, 500 Japanese launched an attack on Cheunglakao, in the Chaochow Sector, on November 14. The Chinese withdrew after their defence works were destroyed.

Toward evening upon the arrival of reinforcements the Chinese counter-attacked. The Japanese were driven away the following day.

#### MEICHOW ISLAND

KWEILIN, Nov. 19 (Central)—Chinese troops attacked the puppet troops on Melchow Island between Foochow and Amoy, on the morning of November 14, killing many of them.

#### JAPANESE MUTINY

AN UNDISCLOSED PLACE IN SHANTUNG, Nov. 19 (Central)—A mutiny of Japanese troops stationed at Tala, a scenic town on the Tientsin-Pukow Railway in Shantung, 45 miles south of Tsinan, on Nov. 3, is reported.

The mutiny broke out as a result of the rejection of their demand for returning to Japan after long and strenuous fighting in China. Many Japanese officers were killed.

The riot was quelled by Japanese troops sent from Tsinan who put about 200 mutineers under arrest.

Holding himself responsible, the commanding officer committed suicide.

#### DESEETERS IN SHANSI

TALI, SHENSI, Nov. 19 (Central)—It is learned from reliable sources that 134 Japanese deserted in Shensi September 20-31. These included 53 in Talyuan, 20 in Hsinhsien, and over 50 in Chih-shien.

## Already An Economic World War

ROME, Nov. 19 (Havas)—Although the war is at present confined to Western Europe it is nevertheless already a world war economically, stated Signor Mussolini.

Thanks to Italy, he said, the war had not spread to the whole continent but had already upset the economic and social activities of all countries.

### SCOTTISH RAID WARNING

LONDON, Nov. 19 (Reuter)—The air raid warning was sounded on the north-east coast of Scotland this morning and the all-clear was sounded shortly afterwards.

No bombs were dropped and the planes were just visible and were flying very high.

#### LILLE ALARM

PARIS, Nov. 19 (Reuter's Special War Service)—There was a brief air raid alarm in the Lille area this morning.

#### Italy's Moves In Balkans

#### COMMUNISM TO BE RESISTED

ROME, Nov. 18 (Reuter)—An Italian political commentator states today that Italy's diplomatic and political activity in the Balkans must not be taken to indicate that Italy is taking sides in the present conflict.

#### WILL RESIST

LONDON, Nov. 18 (Reuter)—Italy will resist any attempt to introduce Communism in the Balkans as she did in Spain, states Rome Radio.

It adds that should any such attempt be made it will meet with an immediate Italian reaction no less determined than Italy's action in Spain.

#### NO CONFIRMATION

LONDON, Nov. 18 (Reuter)—The report of Italian and Spanish representations in Berlin regarding the importance attached by the two countries to the independence of Holland and Belgium, is confirmed in Madrid but no confirmation is obtainable in London.

#### GERMAN MILITARY ADVISERS TO TURKEY ARE RETURNING TO GERMANY, REPORTS REUTER.

## COMPLETE CO-ORDINATION OF ALLIED AIR STRENGTHS WITH UNIFIED COMMAND

LONDON, Nov. 19 (Reuter)—Complete co-ordination of the air strengths, in the operational as well as in the productive sphere, is believed to be the first aim of Great Britain and France, says Reuter's special correspondent with the R.A.F. in France.

"This, I am sure, may be confidently assumed from the emphasis placed on the news of Friday's historic meeting of the Supreme War Council.

Unified air command, under a British officer, with a status similar to that of Gen. Gamelin over the Allied Forces in the field, is likely to be the initial step and I understand that an announcement to this effect now awaits the choice for the best man for the job.

#### RADICAL CHANGE

"The inspired statement that, in deciding to fight as one military and economic unit, the Allies hope to win the war in the shortest possible time may foreshadow a radical change in our aerial strategy.

"As yet there is no indication that the initiative for wholesale aerial warfare will remain with Germany to decide, but should it begin this winter, presumably independently of land action, the Allies will wage it in complete unison."

"Meanwhile, plans are being made to perfect preparation for a joint attack on Nazi military objectives should the order be given."

### SWISS TROOPS TO REMAIN ON DUTY

BERNE, Nov. 19 (Reuter)—The Commander-in-Chief of the Swiss Army stated today that no Swiss troops would be kept in service a day longer than necessary.

He added, however, that there would be no release of men as long as uncertainty existed regarding war developments in Western Europe.

### DALADIER REPORTS WAR MEETING

PARIS, Nov. 19 (Reuter)—The French Prime Minister, M. Daladier, reported to the Council of Ministers today on the meeting of the Allied Supreme War Council in London. He emphasised the happy results of the meeting.

### IF JAPANESE INVADE KWANGSI

## ANOTHER LARGE ENEMY FORCE WILL BE TIED UP IN CORNER OF CHINA

CHUNGKING, NOV. 19 (REUTER)—COMMENTING ON THE RUMOURED JAPANESE INTENTION TO INVADE KWANGSI PROVINCE, GEN. PAI CHUNG-HSI, CHIEF OF THE GENERAL-STAFF AND CONCURRENTLY DIRECTOR OF GENERAL-ISSIMO CHIANG KAI-SHEK'S SOUTH-WEST HEADQUARTERS, DECLARED TODAY:

"Our only fear is that the Japanese won't invade Kwangsi. If they do, they will give the Chinese another chance to tie up another large force of the enemy in another corner of China's vast territory."

The well-known Kwangsi strategist said that the Chinese would probably adopt, in Kwangsi, the same tactics as they did in Shensi and North-Hunan, where the population, in co-operation with the army, destroyed all roads and evacuated with everything they could carry on the approach of the enemy.

In this manner, Gen. Pai Chung-hsi declared, the Japanese would be deprived of supplies and also the use of heavy weapons.

#### PREPARATIONS MADE

Anticipating the Japanese invasion, it is now revealed that fifty-four political work directors, from various parts of Kwangsi, were recently summoned to Kwei-lin for a conference. After six days of discussion, these directors returned to their posts and began pressing forward their preparations for the struggle they expected.

### S.M.C. POLICE SEARCH PARTY ARRESTED

SHANGHAI, Nov. 19 (Reuter)—A Shanghai Municipal Council police search party, comprising a Danish probationary sergeant, J. O. Egeberg, two Chinese policemen and a female searcher, were arrested and detained by the Japanese gendarmerie in the western district at 12.30 p.m. today when they boarded a bus.

The party was about to arrest a Chinese suspect, who stated he was an employee of the "Special Municipality of Greater Shanghai."

The Chinese called for help and the Japanese gendarmerie boarded the bus and arrested the police party.

The Municipal police and the Danish Consul are trying to effect their release.

the passengers jumped into the sea. They had no time to gather their clothes or belongings.

The Simon Bolivar was built in Rotterdam in 1927 for Dutch owners and registered there under the Dutch flag.

The Admiralty announces that the sinking of the Dutch passenger ship was a further example of the utter disregard for international law and dictates of humanity shown by the present German Government.

Mines were laid without any notification in the Channel followed by merchant shipping, both British and neutral, and there is no doubt they were laid for the specific purpose of destroying such shipping.

#### CONSTERNATION CAUSED AMSTERDAM, NOV. 19 (REUTER)

—The news of the sinking of the Simon Bolivar, which spread rapidly among the Saturday night crowds in the cafes and restaurants caused consternation here.

It was reported that 107 of the injured survivors had been taken to hospital in London, including Dutch, British and Norwegian passengers, many of whom expressed the opinion that the Simon Bolivar did not strike a mine, but was torpedoed.

The officers of the ship, however, stated that the vessel was struck on the port and starboard side, which suggested that the damage was caused by mines and it is believed that the minefield was laid overnight.

It is learned that two other vessels were also damaged by mines near the spot where the Simon Bolivar sank, but both succeeded in reaching port.

#### CAPTAIN KILLED

According to a survivor, the captain was killed instantly on the bridge.

One of the ship's stewards stated that the vessel was off the east coast when, without warning, a terrific explosion shook her and everyone realized that the situation was serious, but there was no great panic. People ran to their life-boat stations, some stopping to collect a few belongings.

A little time after the first explosion, there was another violent explosion. A steward expressed the opinion that the first explosion was caused by a mine and that the second was caused by another which was linked to the first by a chain.

#### MAGNETIC MINE

COPENHAGEN, Nov. 19 (Reuter)—At the enquiry into the sinking of the Danish ship Canada in the North Sea on November 11, Captain Knudsen, the master of the vessel, insisted that the sinking was due to a magnetic mine.

#### RESCUED CREW

LONDON, Nov. 19 (Reuter)—Twelve members of the crew of the 11,000-ton Norwegian tanker "Arne Kjoeide," which was sunk without warning by a Nazi U-boat five days ago, were landed at a northern British port today.

It will be recalled that 23 of the crew were rescued last Tuesday, when it was announced that 17 were still missing.

In Oslo today, it was officially

## British Attitude To China

### NO DIVERGENCE ON THE ESSENTIAL ISSUES

LONDON, Nov. 18 (Reuter)—Since the conflict in China began there has never been any doubt regarding the attitude of this country towards the essential issues, and it is not to be imagined that we should or shall diverge from it, declares the Manchester Guardian in a leading article this morning.

#### EXIGENCIES OF WAR

The newspaper adds that such steps as the withdrawal of our gunboats from the Yangtze and our troops from northern China are explained by the Government as due to the exigencies of the war.

They are therefore irrelevant to our general policy.

On the subjects of the Chinese silver deposits in Tientsin and the Chinese national currency, the Government stands firm.

## On Verge Of Starvation

### FLOOD REFUGEES IN HOPEI

CHUNGKING, Nov. 19 (Central)—Over half of the population in 94 counties in Hopei Province have been driven to the verge of starvation as a result of flood, according to Mr. Tsung Chun-jen, of the War Zone Party and Political Affairs Commission, who has just returned to Chungking from an inspection tour to North China.

The flood washed away more than 200,000 piculs of stored grain of the farmers, deprived them of their harvest and made autumn sowing impossible. The water still stands in many parts at more than ten feet high. Mr. Tsung said.

#### JAPANESE MORE

Taking advantage of the flood disaster, the Japanese military, according to Mr. Tsung, started to conscript able-bodied Chinese males in Hopei for labour in "Manchukuo." In August when the flood was worst, thousands were restricted to ghettos.

German liners, the Windhuk and the Adolph-Woermann, sailed from here unobtrusively yesterday for an unknown destination.

They had been in Lobo since the outbreak of war.

One reason for the departure of the two German ships from Lobo suggested is that they have gone to meet and give provision to the German raider which sank the African Shell in Portuguese waters on the other side of Africa.

#### SHIP SCUTTLED

LONDON, Nov. 19 (Reuter)—Fifty-seven Nazi seamen and their Captain were landed in a seaport in Scotland having scuttled the Simon Pukow Railway zone and sent to Manchuria. Each of them received 80 cts. in bogus banknotes per day.

Mr. Tsung said that the first remittance of \$300,000 from the Central Government for the relief of flood sufferers in Hopei was insufficient. He hoped that further relief be provided.

the hot favourite, rushed off closely followed by Eve of Harvest (the next in demand on the pari-mutuel). The other two candidates were so badly left that they had no chance whatever, and might as well have cantered round.

The final stages of the race, however, were thrilling. Eve of Harvest, who had been slowly gaining on the leader, made a desperate bid to overhaul Navylight in the last furlong, and for a time it looked as if she would succeed, but Mr. Moller managed to keep his mount in front and won by a short head.

Galaxy and Hectic View fought out the third place many lengths behind, the former winning by a short head.

### Sterling Futures Break To Lowest Level

#### FOREIGN EXCHANGE WORRIES

NEW YORK, Nov. 18 (Reuters)—Sterling futures broke to their lowest level not only since the war, but for a year, on the New York foreign exchange market yesterday.

#### INTENSE WEAKNESS

Spot also showed intense weakness along with rumours that Sterling would be permitted to fall to 3.75 or even to 3.50 before the year end.

The market was also worried somewhat over reports of closer economic federation between Britain and France which, according to some observers, would merely weaken Sterling further.

#### DIFFICULT PROBLEM

Explaining the slump in forward Sterling, exchange market circles point out that speculators are finding it more difficult to operate in spot Sterling.

While there is money to be made at present levels in the sale of spot Sterling and the purchase of forward months, comparatively few banks are willing to undertake it, with the price reflecting this disinclination to provide facilities.

Meanwhile, private advices from London indicate that balances in London belonging to neutrals are reaching their lowest level and

may virtually be exhausted in a few weeks.

#### MEAGRE SUPPLIES

Furthermore, the supply of fresh Sterling "usually created by Paris goods to Britain is now meagre because British imports are being paid for in foreign exchange created prior to the war or by supplies from British investors who are disposing of American securities.

The Canada dollar also slumped on reports of heavy buying of war supplies in the United States.

### Molybdenum Found In Szechwan

The discovery of rich deposits of molybdenum in southwestern Szechuan was reported by General Lu Chao, who recently headed an investigation trip to aboriginal parts of the province. Molybdenum is a metallic element of the chromium group, resembling iron in its white colour, malleability, difficult fusibility, and its capacity for forming steel-like alloys with carbon.

The molybdenum deposits are located in the wild mountainous regions of Mapien district on the Szechuan border. Other metals discovered there include copper, iron and lead. (C. I. C.).

### S'hai Cotton Mill Reopens

#### DISPUTE SETTLED AMICABLY

SHANGHAI, Nov. 18 (Reuters)

—After several months of negotiations between the management and workers an amicable settlement of the dispute which has been responsible for the closure of the British-owned Lun Chong cotton mill and print works in Pootung has been achieved. Both factories are expected to reopen very shortly.

It will be recalled that a Briton, Mr. R. M. Tinkler, was killed in the mills in the early days of the strike.

### SHARE MARKET REVIEW

#### HONGKONG SHAREBROKERS' ASSOCIATION

The market continues quiet and the volume of business recorded for the week has been small. Holders of shares have displayed no anxiety to sell and investors have been content to wait for lower prices, thus making trading conditions difficult. HK Docks came in for enquiry and changed hands at \$18.80. Business has been reported in Trams at \$18.10 but later shares could be obtained at \$15.90. There has been some interest for China Lights (O) with sales reported at \$7.1. Ropes had sales at \$5 and Electrics at \$50. Hotels were wanted at \$4.45 with sellers at \$4.65.

The Manila market has also been quiet and prices have been inclined to sag through lack of interest. Benguet Consolidated has announced a 100% stock dividend to shareholders registered on 17th November.

The market was steady.

COTTON: Spots today were firm and offerings were light with the mills being the largest buyers. The Trade bought nears while foreign buying was for distant months.

RUBBER: The spurt in automobile output is further assuring an upward trend in domestic consumption of rubber for the balance of the year. Offerings of actuals were scarce, and the primary market was firm.

WHEAT: No material relief in the dry sections was indicated and a potentially tight cash position is developing as a result of the loan situation.

NEW YORK STOCKS: Previous close, 151.00; Today's close, 151.53; Change, up .53.

Harbour

On and after Nov. 20, a Controlled Minefield will exist in the Tathong Channel, and passage will be prohibited whenever the signals prescribed in Admiralty Notice to Mariners No. 1 of 1939, Para. 2, are displayed.

These signals consisting of 3 red balls, by day and 3 red lights by night, will be hoisted by the Port War Signal Station at Cape D'Aguilar and will be repeated by Patrol Craft when in the vicinity, but Mariners are warned that Patrol Craft may not always be on duty.

**CAUTION NECESSARY**  
When these signals are displayed, no vessel is to proceed north of a line drawn 60° Degrees from Capt D'Aguilar or south of the Anti-Submarine Boom. As a further precaution, the "Normal Gate Open" Signals will not be hoisted for vessel's departing, while the Minefield is dangerous.

When the "Gate Open" signals have been lowered at Cape D'Aguilar, passage through the Tathong Channel is safe. Great caution is necessary when approaching the Port in thick weather and unless Mariners can clearly see that these Signals are not hoisted at the Port War Signal Station, they should assume that the Port is closed and keep well clear of the Tathong Chan-

## ARMY - CLUB DEFEAT NAVY - POLICE XV

### Cessford, Bidwell, Johns, Richardson Outstanding

(BY "HOOKER")

At Causeway Bay on Saturday, Army-Club beat a weakened Police-Navy fifteen by 21 points to nil. Cessford, Bidwell, and Richards were outstanding for the winners, while Johns gave an excellent display for the Navy-Police.

The Navy-Police combination, weakened by the absence of Paul Carter and Cockrane, were completely outplayed by a determined Army-Club fifteen. The game produced few good movements and each side was content to keep the game closed up.

Lang at full-back for Army-Club, was must better than Cessford who was very weak in defence and, at times, he gave one the impression that he had not recovered from his recent injury. In the backs Army-Club were faster and more dangerous than their opponents but Stewart, who was perhaps the fastest wing three on view, rarely saw the ball, or the score would have been greater, and that is all the more curious for in previous games he has been starved in a similar manner.

All the Army-Club forwards worked excellently in the loose but they were inclined to lag at times. Taylor and Johns were the only forwards who played with anything like zest amongst the Police-Club pack. Pascoe and Kennedy were the best of the Police-backs and Taylor was inclined to walk, than run, when in possession.

##### GOOD HEEL

Play commenced with the Army-Club taking the offensive and after several minutes of play, in which the Army-Club backs had stormed the Navy-Police line, a good heel by the Army-Club pack saw Henderson sling the ball out to Cessford who calmly got round two men before kicking a beautiful left-footed drop goal. Police-Navy then took play into the Army-Club half and Heath and Johns took the ball over the Army-Club line in a good loose dribble but Lang saved the situation by

diving on the ball at Heath's feet. Cessford was at this time throwing the ball out well and Army-Club backs carried play into the Police-Navy half.

Army-Club hooked well and the ball travelled from Cessford to Bidwell who broke through and when about fifteen yards from the Police Navy line he transferred to Richards who foolishly cut inside instead of going for the corner flag and he was brought down about two yards from the line. He got the ball back to Bidwell in what I thought was an infringement of the "play the ball" rule and Bidwell went over to increase the Army-Club score. Richardson added the extra points to put them 9 pts. in the lead.

Army-Club kept up the attack and shortly before half-time Richards gathered the ball and handed off Taylor and two others before he crossed the line. Henderson put the ball over the bar. Play, on resumption, was very scrappy and Stewart was the only back on the field who looked as if he had any go in him. After Police-Navy were penalised for offside, Richardson kicked a good goal and Army-Club completed the scoring when, from a reverse pass by Cessford, Bidwell dropped a clever goal.

##### A FAST GAME

Army 'A' reversed last week's result when they beat the Navy 'A' in a fast game.

Army never looked like losing on Saturday and their backs always had a little in hand. Marsh, Joe Waite were outstanding, the latter throwing the ball out to his wings whenever possible.

Army attacked at the commencement of play and Marsh, intercepting a pass from Kirkwood, went through on his own to open the Army score. Berry failed with the kick. Army continued to press and Marsh further increased the Army lead by converting a penalty for obstruction. Army backs were all over their opponents and shortly before the interval Waite picked up cleverly from the feet of the Navy forwards on his own twenty-five line and,

Fluege reduced the Army lead when he went over to score after a good pass from Clark, and the same player failed to convert. A change amongst the Army backs had apparently thrown them all out of gear. With picking up from a penalty kick by Marsh, increased the Army lead when he went over without a hand being laid on him.

Navy kept pegging away and the Army appeared to be in trouble.

After Picton, the Army full-back, had run beautifully up with his three he threw the ball out wildly and Bowden secured it to race over for the Navy's third try.

Fluege added the extra points with a good kick.
